

Online Banking Alerts

CBB online banking alerts give you the ability to closely monitor your transactions! Set up e-alert notifications each time a designated event takes place. Whether tracking one-time occurrences or recurring events, CBB online banking alerts can send e-alerts by text message or e-mail on virtually any schedule, from once a month to every few minutes.

Examples of Alerts Available:

- Low Balance Alerts – receive an alert when your balance falls below an amount you designate
- Presentments Notice – receive an alert when a transaction is posting to your account
- Withdrawal Notice – receive an alert when a debit is posting to your account
- Checks Cleared Notice – receive an alert when a specific check number is posting to your account

Consumer Banking:

To access CBB online banking alerts, follow these steps:

In the "Messages" section, choose the type of alert you'd like to view/setup.

Messages
